## Description

Apples are famous for teachers and apple orchards. This custom apple shaped award had been created for an annual teacher's banquet, honoring teachers that achieved high scores and positive reviews from

students. Each of the awards we created for the event highlighted the teacher's name and class information in beautifully frosted tints.

The body of this crystal apple was carved from a single piece block. We added a green crystal leaf to the front to distinguish the look. We made this award in several sizes.
