Description

This was created to celebrate the growth of ideas and projects. The green trees represent real trees that grow or thought trees (the creative team just love using play on words). They are laser cut out of one solid piece of

Lucite and embedded within the clear Lucite. The text is clear acetate with white imprinting. Plus, the background piece is blue and base is red.

The layers create 3D effect and is fun to look at. This is a standout award and will certainly not blend in on a shelf.
