Description

Hungry? This garlic shaped award certainly satisfied the client's appetite for a unique award. It was a hit at the garlic festival, a cute piece that certainly reminded people of exactly where it came from.

Created custom from Lucite, the top part is translucent and reflects the light. The solid bottom piece can be customized with names, logos, and images. If garlic isn't your thing, talk to our creative team about other custom fruits and vegetables. We can do just about anything!
