Description

We so loved doing this Father's Day award. The sons of a war veteran wanted to celebrate his life. They commissioned this piece to include his dog tag. Now encased, it would last forever.

The double casted wedged shape Lucite award has a black base and clear top. The clear Lucite contains the dog tag floating inside. On the base, the simple lines show appreciation for the Father's Day celebration with the print appearing to float within the black base.
