## Description

We could never have imagined how many people would want a liver as an award. Or a heart, brain, stomach, or whole torso of organs. In fact, discussing organs has become so familiar with us, our staff is getting to

know anatomy quite well!

Made from custom shaped Lucite, this anatomically accurate (more or less) replicates a liver will delight. The picture is a printed embedded acetate and shows the various blood vessels and organ structures. We can increase or decrease details as needed for nearly all organs in the body.
