Description

This is an excellent example of how we can create brilliant awards when budgets are low. High school students wanted a custom trophy that would stand out, but like all students didn't have much money. This is

where our creative team stepped in and helped them.

This award is only 1/8 thick acrylic. The simple acetate printing resembles spotlights. To stand sturdy, the Lucite trophy bends backward, allowing it to balance on its own. The students appreciated the care put into this award and being able to save the money for the show itself.
