Description

The stone quarry that commissioned this celebrated a 50-year milestone. To celebrate, they gifted each of their employees with these custom replica awards for their service.

We crafted this award using actual crushed stone, then created a mold that produced this incredible award in

our proprietary process. The individual details were very appreciated by everyone involved. The dump truck and bulldozer showed were patterned after actual images provided by the company. Our creative team was able to mimic them, which delighted the quarry owners.
