Description

Our zinc die cast putting cup is satin nickel plated and accepts our standard continuity style with ball marker/insert. The 3.75" diameter cup with an up ramp width of 2.75" will make the USGA standard 4.25" hole diameter look like a peach basket. It can be ordered with or without the lasered flush mounted center insert. Our enamel 3/4" ball markers are always priced as die struck hard enamel. Some designs require an additional silkscreen and epoxy dome. 5 3/4" W x 4.5" H
